## Quotes of the Month

I have thought, for a long time now, that Rita Rudner is one of the best comediennes of our time, or of any time for that matter. Her laid back style and her humble countenance during her performances combined with wonderful humor just appeals to me. So, this month is "Rita's month":

"A good place to meet a man is at the dry cleaner. These men usually have jobs and bathe."

"How come when you mix water and flour together you get glue...and then you add eggs and sugar and you get cake? Where does the glue go?"

"Men who have a pierced ear are better prepared for marriage - they've experienced pain and bought jewelry."

"My boyfriend and I broke up. He wanted to get married and I didn't want him to."

## A Message from the President

On behalf of the WCRC leadership team I would like to thank all of you for a very successful 2015 year. We had three fly-ins; the Spring Fly-in, the National Model Aviation Day benefiting the Wounded Warrior Foundation, and the 5th Annual Charity Fly-In benefiting the Miracle Hill Home for Boys. We were successful in raising money for the WCRC, the Wounded Warrior Foundation, and the Home for Boys. We could not have done this without you all's support. Well done.

As you may have heard we definitely have to take a good look at a new flying site because of what our landlords intend to do with the property as the SC DOT is looking at a possible traffic circle at the SC 417 and Woodruff Rd intersection, although we are not entirely sure how the two are dependent. Your leadership team will meet in early January to come up with a plan of action that we will present to the membership at the monthly January meeting on January 17, 2016. We will need your support to bring it to successful completion so that we will be able to offer you all continued flying.

Thanks again for all your support and wishing you and yours a healthy, prosperous, and hopefully crash-free flying in the upcoming New Year.

*John Dillewyn*

## New Members

The club signed up one new member in December: Paul Lindewall, Pilot. Welcome aboard, Paul. Hope to see you at the field when the ice melts!

## Communications

The owner of our field sent an email saying that the property will have to be legally divided due to family interests. That email mentioned that there is an upcoming SCDOT survey for a new traffic circle around the intersection of Route 146 and Route 417 which would affect the property. We believe the owner plans to wait until after the SCDOT survey before dividing the property which should give us several months, but we should start looking for a new site now.

John, Roger and Bob plan to meet in January to lay out a game plan. Any and all input will be welcome.

## Upcoming Events

It's January so ... naught, nothing, nada, zilch, zip, zero, squat, shutout!

## This Month's Special

HaHa! Those guys at Airbus are at it again. They are designing planes with "removable" cabins so they will be able to load the passengers more quickly (they predict the airlines will be able to save about *10 minutes* on every "turnaround").

Seems a bit "overly" doesn't it?
